Region 12 ATPE donated a total of $2400.00 to Rice ISD to help recover some of the items they lost during a recent tornado. The different locals in our region who gave a donation were:

Corsicana local ATPE -$275

Gatesville local ATPE - $250.00

Kerens local ATPE - $100.00

Killeen local ATPE - $250.00

Lampasas local ATPE - $100.00

Midway local ATPE - $100.00

Waco local ATPE $75.00

West local ATPE - $250.00

Region 12 ATPE - $1000.00

The pictures are of the new wing that they are rebuilding. Currently, the middle school students are being housed in the high school while construction is going on. Their building was brand new this year, so the construction company who built their original building came in very quickly to help them clean up and begin work on repairs. They are very appreciative of all of the support they have received and the Principal, Mrs. Amy Harvell, said, "once the building is repaired, the money will be used to replace needed classroom supplies that had been destroyed."

Thank you to all of the locals who were able to participate in this gift.
