

Kenneth Stokely

My name is Kenneth Stokely. I have served students in the state of Texas for 31 years in the area of secondary math and special education. Currently, I am in the 5th year of a retire-rehire situation. I have been a long-term member of the local Jefferson ATPE, serving multiple times as a campus representative and as a local officer. This opportunity has enabled me to often be a delegate to state conventions and leadership development meetings. Over the years I have attended multiple region meetings in support of my wife, who has been a region officer and director. This connection provides me with an insight into the history and operations of the state ATPE few others have.
